Frontend Developer | UI/UX Enthusiast

Self-driven and creative frontend developer with a passion for clean design, responsive layouts, and meaningful user interactions. Experienced in building and deploying websites using modern technologies (React, JavaScript, Tailwind) and collaborating with real clients to bring projects to life. Always learning, always creating.

Key Skills

Languages & Tools: HTML, CSS, JavaScript, React, Tailwind CSS, Git, Figma
Other Tools: Adobe Illustrator, Photoshop, Canva
Soft Skills: Communication, Teamwork, Problem-solving, Adaptability
Languages: English (C2), Polish (A2), Serbian/Montenegrin (Native)

Experience

Freelance Frontend Developer | Don Bosco, Ljubljana, Slovenia — Oct 2023–Feb 2024

- Redesigned web interface for a youth-focused NGO to improve user experience and responsiveness
- Developed key UI sections using HTML, CSS, and vanilla JavaScript
- Ensured cross-browser compatibility and mobile optimization
- Worked closely with coordinators and volunteers to align design with their brand

Sales Assistant | Tehnomax, Podgorica — Sep 2024–Present

- Assisted over 40+ customers daily in selecting tech products (TVs, phones, laptops)
- Provided technical explanations in simple language, improving customer satisfaction
- Boosted accessory sales by recommending tailored add-ons based on user needs
- Developed strong interpersonal skills and product knowledge

Receptionist | Hotel Keto, Podgorica — Oct 2024–Feb 2025

- Managed bookings, check-ins/outs, and inquiries in English and local language
- Provided top-tier customer service in a fast-paced hospitality setting
- Multitasked between guests, email correspondence, and administrative duties

Projects

1. Portfolio Website

- Built using React, Tailwind CSS, and Framer Motion
- Responsive design with smooth animations and modular components
- Link: <https://nemogenije.github.io/Nemanja-Djokic-Portfolio>

2. To-Do App (React)

- A minimalistic task manager with component-based architecture
- Features: add/remove tasks, filter by status, local storage
- Technologies: React, Tailwind, useState/useEffect

Certifications & Education

- High School Diploma – Electrical Engineering, Montenegro (2023)
- Certificate – Web Development Fundamentals (freeCodeCamp, 2024)
- Ongoing: Learning TypeScript & Next.js

Volunteering

European Solidarity Corps Volunteer | Ljubljana, Slovenia – Sept 2023–Aug 2024

- Organized workshops and circus classes for youth (Fuskabo)
- Improved leadership, event coordination, and teamwork
- Gained deep insight into inclusive education and European projects

Bonus

- Portfolio & CV also available as interactive online resume
- Always eager to learn, build, and grow — let's connect!
