ICA - Store Employee Fruits & Greens

28/2 - 2023 — 3/9 - 2023

Willys - Store Employee

28/10 - 2023 — Present

Other Experiences

I have helped my family, parents friends, friends families and neighbors with babysitting since a young age. This has made it very natural for me to take care of kids, but also that I find enjoyment in working in that type of environment. I am very comfortable around people and my calm personality, natural skill of creating relationships and attentiveness makes it easy for people to feel comfortable around me. My personality makes it easy for people to listen to me and it creates a fun, peaceful and safe environment to work in.

OBS!

This does not only apply to kids related jobs but also all other roles that need teamwork.

Education

Eklidens Skola, Nacka – Finished

I have a complete elementary school education. I finished elementary school with good grades. I later applied to a school with a specialization of engineering.

NTI Nacka - Finished

August 2019 – June 2022

In NTI Nacka i studied the program Engineering with specialization of Engineering Science

I have had good grades in all English, Swedish and Spanish courses since elementary school which means I can communicate with a lot of people without any major difficulties.

KTH, Stockholm – *Started/Paused*

August 2022 - Now

In August 2022 I began my education as a Civil Engineer in Information technology. I finished a couple courses but paused it due to personal reasons

I resumed my education in August 2024.

Grades
